☐=These models have leg configurations that reduce the storage capacity by two units per Storage Caddie. Optional Guard Rails are recommended and available separately. See Accessories Page. To these prices, add Shipping Charges via commercial freight from Chicago, plus applicable taxes. Where there is no loading dock or several available personnel to unload the truck, additional Shipping Charges will apply for transfer to a Delivery Truck with a Lift Gate.

TransFold™ Portable Stages

Quality Risers & Stages Since 1947

Built-in Mobility

Rolls into position and couples automatically as it is lowered to the floor.

MSC - \$711.95

Caddie

Think Outside of the Box

- TransFold™ portable stages give you the freedom to configure the stage to create any performance environment you can imagine.
- Unique arc and triangular shaped sections let you design stage sets that stand out in a crowd.
- Stage setup is easy and can be accomplished quickly with only one person.
- Integral wheels furnished on 16" and taller stage units facilitate unloading from the storage caddie and moving into position without any heavy lifting. Once in place, wheels automatically lift from the floor and each stage unit rests securely on non-marking glides.
- Built-in height adjustment gives you the option to create the ideal configuration for every event.
- Optional Steps and Guardrails are recommended and available separately. See Accessories Page.

with Triangle Units

The Midwest Advantage

- Built-in wheels for easy unloading from the caddie and moving into place
- Quick and easy height adjustment without the use of tools
- Swing away couplings are provided for securing adjacent stage sections
- 1 1/4" diameter, 14 gauge steel legs
- Locking leg brace made from 1/8" thick steel and case hardened spring-bolts for long life
- 1 1/4" diameter, non-marking glides

Simple & Secure Height Adjustment

The legs on dual height units are easy to adjust. Telescoping leg inserts are secured to the leg's receiver tubes with clevis pins having spring loaded detentes for added security. Clevis pins are attached to the legs with lanyards for added convenience. Tightening the knob assures a wobble-free connection.

Built-In Couplings

- Stage couplings lock into place and rotate out of the way for easy storage.
- Couplings also are provided for setup when platforms are used in a riser configuration.
- There is no need for awkward lifting or crawling under the stage to secure the couplings.

See previous page for specifications & prices.
